DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1 and 15-18 are rejected under 35 U.S.C. 102(e) as being anticipated by Hailey (US 2003/0000700).

The reference is applied as in Paragraph No. 2 in the previous Office action mailed on 10/15/2003.

Contrary to applicant's argument, all of the channels shown in all embodiments in Hailey, Jr. '700 are disposed within the screen 84 as called for in the claims, e.g., "channel" 98 and "port" 106 in Figures 2, 3 and 5. Applicant's argument regarding the base pipe, i.e., "the base pipe is not a screen" cannot be understood. The examiner never said that the base pipe is a screen.

Claim Objections

3. Claim 19 is objected to under 37 CFR 1.75 as being a substantial duplicate of claim 2. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k).

Allowable Subject Matter

4. Claims 2-14 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
